
Range of harnesses

FALLPROTEC

January 2020

Description

Fallprotec developed a range of quality harnesses and accessories to tackle the market's evolutions. The harnesses are conceived in order to distribute the forces in case of a fall.

Advantages

- Protects sensitive zones of the body
- Fast and easy to put on
- Leaves the user's movements free

Code N° HAR 001/002/003

The Prolight harness is the emblematic harness of Fallprotec. It is lightweight and equipped with pads for the highest level of comfort. The operator can work all day without feeling any pressure point.

Code N° HAR 066/067/068

With its 5 anchor points, it is the typical companion of many industrial climbers and service technicians.

 Compliant with EN 358:2003
EN 361:2003 ; EN 813:2009
