

Securope on cold deck

Securope sur bac froid

Securope sobre chapa metálica ondulada y paneles compuestos

Securope auf Trapez- und Wellblech

FALLPROTEC

March 2018

Description

Fallprotec has designed fixing assemblies to allow the fixing of SecuRope lifeline on a fragile structure like cold deck metal sheet roof. The unique design of the fixing bracket distributes the load evenly.

Advantages

- For 4 users
- Undeformable
- Energy absorbing
- Absorbs dilatation and contraction of roof sheets
- Supplied with self-drilling screws and EPDM roofing system that ensures the integrity of the waterproofing membrane

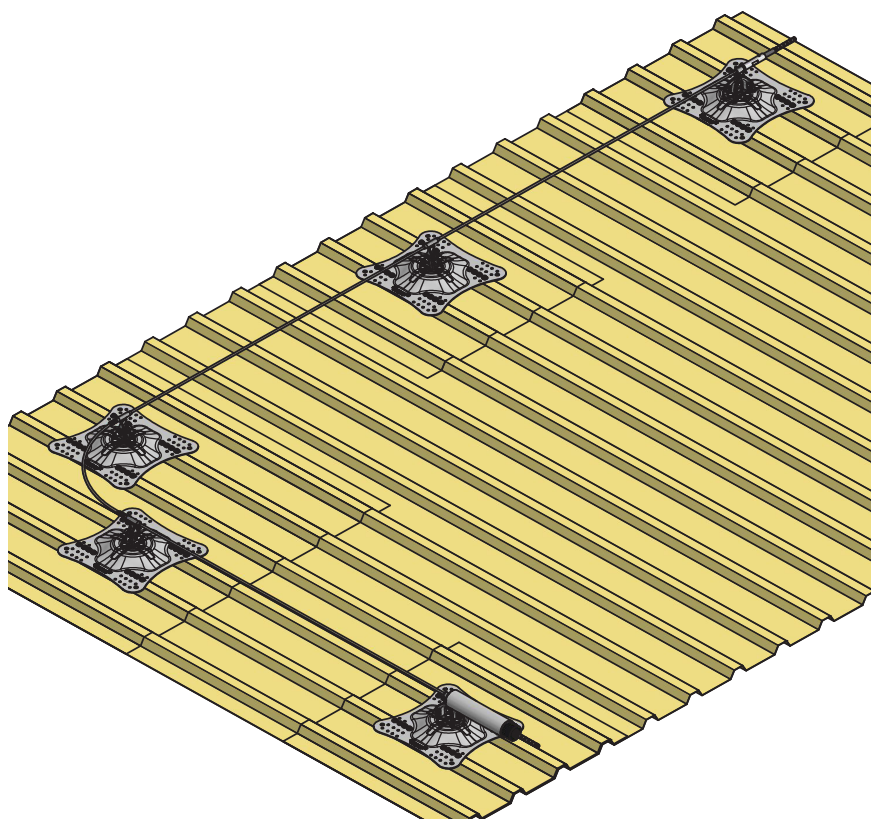

Compliant with EN 795:2012
C EN/TS 16415:2013
MADE IN EU

Technical specifications

Delivered with an installer and user manual.

Material: Steel, stainless steel and waterproofing tape
