Gelber Anschlagpunkt auf Warmdach

Code N° IDF022 / IDF023 / LDV022 / LDV029

FALLPROTEC

December 2017

Description

Fallprotec has developed Multiposts to be fixed on hot deck. These Multiposts can be fitted with a yellow anchor point LDV029 for height safety.

Advantages

- Fixed with 4 toggle bolts
- High visibility anchor point
- Rotative system
- Suitable for the installation of a temporary lifeline
- Facile à installer et à étancher sur bâtiment existant
- Limits thermal bridges

Technical specifications

Delivered with an installer and user manual.

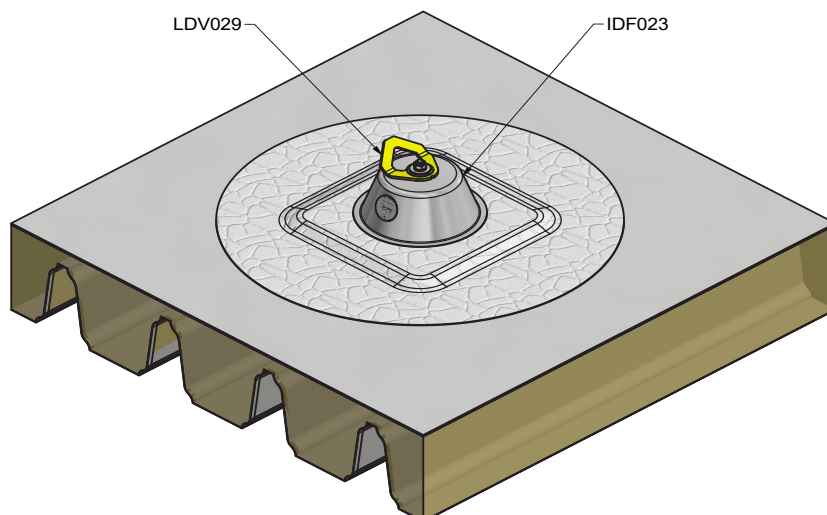

Material : Stainless steel AISI304, option of PVC or bituminous membrane

Compliant with EN 795:2012 type A
CEN/TS 16415:2013
MADE IN EU
