
Unipost anchor point

Point d'ancrage Unipost
Punto de anclaje Unipost
Unipost Anschlagpunkt

Code N° **IDF030 / IDF031**

FALLPROTEC

April 2018

Description

The Unipost anchor point is a deformable system consisting of a steel fixation assembly, an aluminium tube and a bended steel plate. It is installed permanently on hot deck and can be used by 2 people simultaneously.

Advantages

- Can be mounted before the isolation to secure the construction site
- Easy to mount on trapezoidal metal sheet thanks to its self-drilling screws
- Energy absorbing
- Rigid and durable under normal work conditions
- Rotative anchor point

Compliant with EN795:2012 Type A
CEN/TS 16415:2013
MADE IN EU

Technical specifications

Delivered with an installer and user manual.

Material: Lamellar zinc coated steel, aluminium and stainless steel

Code n°

IDF030
